# TOWN WARRANT

---

## STATE OF NEW HAMPSHIRE

(SEAL) To the inhabitants of the Town of Newport qualified to vote in Town affairs: You are hereby notified and warned to meet at the Town Hall in said Town of Newport, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects:

Article 1. To elect a selectman for a term of three years: to elect a Town Treasurer and a Town Clerk for the ensuing year.

Article 2. To elect a member of the Trust Fund Commission for a term of three years; a member of the Water and Sewer Commission for a term of three years; one Cemetery Commissioner for a term of three years: a Collector of Taxes; Road Agent, and all other Officers and Agents necessary for the Town business.

Article 3. To hear the reports of the Selectmen, Town Treasurer, Auditors and other Officers heretofore chosen, and pass any vote relating thereto.

Article 4. To raise and appropriate such sums of money as may be necessary for the payment of Town Officers' salaries and expenses; expenses of the Municipal court and maintenance of the Town Hall and election and registration expenses.

Article 5. To see if the Town will instruct the Selectmen to appoint a Police force in Newport and designate the hours of service.

To see what sum of money the Town will vote to raise and appropriate for the support of the Fire Department.

To see if the Town will vote to raise and appropriate

the sum of \$400.00. Twenty-five per cent of this amount being contributed in addition by the State Forestry Department for the control and extermination of the white pine blister in the Town.

Article 6. To see if the Town will vote to raise \$1670 for maintenance of the State Aid Road, a like amount being contributed by the State Highway Department for this purpose.

Article 7. To see if the Town will vote to raise and appropriate \$7100 for the maintenance of the Trunk Line roads, a like amount being contributed by the State Highway Department for this purpose.

Article 8. To raise and appropriate such sums of money as may be necessary for the maintenance and repair of highways and bridges.

Article 9. To see what sum of money the Town will vote to raise and appropriate for lighting the streets of Newport.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$200 to defray the expenses of Memorial Day, and pay the same over to the Quartermaster of Fred Smythe Post or such other person as may be properly named in this connection.

Article 11. To see what sum of money the Town will raise and appropriate for the support of Parks and Playgrounds.

Article 12. To see what sum of money the Town will vote to raise and appropriate for the support of the local Band, provided said Band agrees to give a series of open air concerts during the summer months.

Article 13. To see what sum of money the Town will vote to raise and appropriate for the maintenance of the Sewer System for the ensuing year.

Article 14. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money on the notes of the Town in anticipation of taxes.

Article 15. To see if the Town will vote to allow a discount on Taxes paid prior to June 15, and Sept .1, fix the amount of such discount and pass any vote relating thereto.

Article 16. To see what sum of money the Town will raise and appropriate for the maintenance of the Public Health Nurse for the ensuing year and pass any vote relating thereto.

Article 17. To raise and appropriate such sums of money as may be necessary for the payment of the Town Debt, and the interest thereon, for the year ensuing and pass any vote relating thereto.

Article 18. To see if the Town will vote to make an appropriation for the construction and repair of sidewalks and pass any vote relating thereto.

Article 19. To see if the Town will vote to ask for State Aid in connection with its appropriation for permanent improvement of highways and pass any vote relating thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of \$1500 for the benefit of the Carrie F. Wright Hospital, and pay the same over to the Treasurer of said Hospital;also give said Hospital the use of the Town Hall for two evenings during the year.

Article 21. To see if the Town will vote to build and equip a central heating plant for heating any or all of the buildings owned or occupied by the Town, and for heating any or all of the school houses therein, raise and appropriate money therefor, and pass any vote in relation thereto.

Article 22. To see if the Town will vote to authorize the selectmen to give permits to druggists for the sale of liquor in the Town of Newport, for medicinal, scientific, sacramental and mechanical purposes in accordance with section 9, chapter 95, Laws of 1903 and amendments thereto.

Article 23. To see if the Town will vote to adopt

the provisions of the Zoning law and pass any vote relating thereto.

Article 24. To see if the Town will vote to raise and appropriate \$1200 for the maintenance of Cemeteries for the ensuing year.

Article 25. To see if the Town will vote to give free use of the Town Hall to the American Legion, three nights during the year.

Article 26. To see if the Town will vote to replace the one-fourth inch pipe line extending east about seven hundred and fifty feet on Maple street from the Junction of said Maple street and Bradford Hill roads so called, with six inch cast iron pipe, hydrants and gates, at an estimated cost of fifteen hundred dollars, and raise and appropriate money for the same.

Article 27. To see if the Town will vote to raise and appropriate the sum of money necessary to install (12) twelve street lights in the residential section of North Newport.

Article 28. To see what action the Town will take in regard to constructing a sewer on Main and North St.

Article 29. To see if the Town will vote to extend the water system from a house now occupied by Mr. Roy Truell, north about two hundred feet to a street running east and west from Main St., and to pass any vote relating thereto.

Article 30. To see if the Town will vote to lay a sewer pipe along Highland Avenue, from a point near the South East line of the Britton property, to connect with the sewer on Cheney street, to take care of the surface water, to raise and appropriate such sums of money as may be necessary and pass any vote relating thereto.

Article 31. To see if the Town will vote free use of the Town Hall for one night for the Fire Department.

Article 32. To transact any other business which

may legally come before said meeting.

Given under our hands and seals at Newport this  
20th day of February, 1926.

(L. S.) Ernest A. Robinson

(L. S.) Fred E. Newcomb

(L. S.) Sidney G. Whitmore

Four hydrants have been installed on the Unity road at a cost of \$410.00. Two hydrants have been raised twelve inches at a cost of \$75.00.

## MISCELLANEOUS

We have had no large leaks on our water mains during the year. The rain fall for 1925 was thirty eight inches which is above the average giving us plenty of water.

Respectfully submitted,

P. A. JOHNSON  
A. C. CHADWICK

Water Commissioners

S. E. OSBORNE

Superintendent

February 1, 1926

# REPORT OF SEWER COMMISSIONERS AND SUPERINTENDENT

---

To the Citizens of Newport:

Cost of Gustine system to Jan. 31, 1925.	\$49,022 65
--	-------------

Construction and repairs during the year	1,556 45	\$50,579 10
--	----------	-------------

Deduct cash received for entrance fees to Jan. 31, 1925

\$15,733 88

Received during year	640.00	\$16,373 88
----------------------	--------	-------------

Cash received for labor and materials to Jan. 31, 1925

8,588 91

Received during year	203 50	\$ 8,792 41	\$25,166 29
----------------------	--------	-------------	-------------

Net cost to date		\$25,512 81
------------------	--	-------------

### CONSTRUCTION

Connections have been made with thirteen additional houses during the year. A six inch main has been laid from the junction of Winter and Beech streets 670 feet north at a cost of \$480 00.

Respectfully submitted,

P. A. JOHNSON,

A. C. CHADWICK,

Sewer Commissioners.

S. E. OSBORNE,

Superintendent.

February 1, 1926.

# REPORT OF CEMETERY COMMISSIONERS

---

The Cemetery Commissioners beg to submit the following report for the fiscal year ending

January 31, 1925

## Financial Report

### Receipts:

Balance Cash on hand last report	\$ 2 61
Sale of lots Pine Grove Cemetery	1,625 35
Sale of lots North Newport Extension Cemetery	145 00
Selectmen, 1925 appropriation	1,350 00
Sundry persons, for care of lots	375 00
Sundry persons, extra work on lots and opening graves	739 00
Trustees of Trust Funds:	
Income Special Care Funds to cover expenditures	378 16
	<hr/>
	\$4,615 12

### Disbursements:

Paid Sundry Persons, for labor, opening graves and supplies:

Maple Street Cemetery	\$ 912 07
Pine Grove Cemetery	634 72
North Newport Ext. Cemetery	169 75
North Newport Cemetery	348 50
Pine Street Cemeteries	16 25
St. Patrick's Cemetery	379 39
Trustees of Trust Funds:	
Pine Grove Improvement Fund	541 78
North Newport Ext. Improvement Fund	48 33
Pine Grove Perpetual Care Fund	1,083 57
North Newport Ext. Perpetual Care Fund	96 67
F. T. Pollard, Supt., 1925 Salary	300 00

Miscellaneous Expenses and Supplies	75 98
Balance, Cash on hand	11
	<hr/>
	\$4,615 12

A statement of Trust Funds for Cemeteries will be found in the Report of the Trustees of Trust Funds.

The number of burials in town the past year was 70; 2 in North Newport Extension Cemetery, 27 in Pine Grove Cemetery and 41 in the older Cemeteries.

Although considerable should be expended in righting up stones and monuments in the older cemeteries during the coming year, in the spirit of economy, we recommend an appropriation of \$1,200.00 only.

Respectfully submitted,

JOHN McCRILLIS,  
P. A. JOHNSON,

Cemetery Commissioners.

# REPORT OF HEALTH OFFICER

---

To the Honorable Board of Selectmen:

During the past year, our town has been again most fortunate in escaping the more dangerous of the contagious diseases in epidemic form.

There were, however, six cases of scarlet fever, occurring at different times and at widely scattered points. The cases showed on investigation that, in most every instance, the sick persons had been visiting friends, in other states, just previous to their sickness.

There were three cases of diphtheria and a few cases of measles.

A number of houses were fumigated, also, that had been occupied by tubercular patients.

The tubercular work is well supervised and all cases even the incipient ones are looked after and followed up, by the local district nurse assisted by the county nurse.

Six tubercular clinics were held in Newport during the past year and Dr. Kerr, the state tubercular director, with the assisting nurses has the work well under control. This disease has decreased in a great measure during the past five years. Taking all into consideration, the present day agencies doing tubercular work, it is almost possible to predict, according to the best authorities, the year in which tuberculosis will end. Dr. L. I. Dublin after careful study predicts that the death rate from this disease in 1930 will be 44. That rate, if continued would end the disease about 1937.

This does not mean that we should lessen our efforts, but to apply even greater energy along approved lines, that there may be no diminishing, but rather cumulative returns in life saving.

A matter of satisfaction and interest to all is the clearing up not only of our town but all the surrounding county territory, of tubercular cattle. There are

not over six head of cattle in Newport that are not tested stock. This is a great public health measure. There is plenty of evidence to show that many cases of tuberculosis in children and youths have come from the products of tubercular cows, in the form of milk or cream or other manufactured product. The heavier percentage of transmissibility, however, comes from raw milk. From this menace we are now, practically free.

It is to be noted that there are still a few houses within the water precinct that are not connected with the town sewer system. The owners of this property have promised during the present year to comply with the law.

A prevailing cause of almost constant complaint to the health officer, is the existence of unsightly rubbish and refuse heaps on many of the premises of the homes. Neighbors complain, and justly so, of these nuisances. In summer, especially they are the breeding ground for all kinds of germ carrying flies and insects. In this way germs and dirt are carried to homes that otherwise would be clean and healthful.

In this matter the question arises should not the town assume the responsibility of collecting this refuse, as is done in many other towns? This will relieve the people of maintaining unsightly yards and there will be no excuse for dumping refuse in the river or on unoccupied land within the town limits.

The law as interpreted, by our honorable board, places the town dump under the supervision of the health officer. The daily depositing of all kinds of rubbish there, requires the employment of a man, part time, every day to watch the burning of the combustible material and to keep the refuse level and within the prescribed area.

Our town water supply has been examined at three different periods during the year and each time found to be in good condition.

The milk supply was examined twice by the state chemist and found to be of a higher standard both as to quality and purity than that shown in former years.

We were required to send in samples of the ice cream sold in town, during the summer, to the state

chemist with the result that he reported that there was a great variance as to percentage of butter fat and bacteria shown. Two cases were far above the percentage of bacteria allowed by law. The state authorities took this matter up direct with the manufacturers, informing them that the distribution of their ice cream would be stopped in this state unless it conformed to our standard.

A subject on which we are growing very lax, is the spitting on the side walk—a vile and disgusting habit absolutely contrary to law and condemned by all good citizens who realize its dangers. It may be necessary to apply to police power to help in this but it does seem to us, that public sentiment should aid greatly in correcting this evil.

Your Health Officer works in conjunction with the state health department, referring to it frequently for instruction, and always assisting the state inspector when his duties bring him in this vicinity.

Respectfully submitted,  
JOHN R. KELLY, Health Officer.

# REPORT OF FIRE DEPARTMENT

---

The Department has responded to twenty bell alarms and twenty-eight still alarms in the past year. With two exceptions, namely, farm buildings of Arthur E. Sargent and furniture store of J. Q. Adams, the losses have been small, due to the fact that the company is efficiently organized and first class officered, entirely free from internal dissension, enabling them to report to any alarm with promptness and despatch.

The equipment is in first class condition, and barring accidents, will require no extensive repairs during the coming year. The house is, also, in good condition and will not require any great outlay, unless the boiler should give out, it being in bad condition.

There seems to be some misunderstanding as to the alarms rung in from Box 15. Many think that it is a call for out of town. Such is not the case. It is liable to be in our business section, as the telephone can act quicker than parties can reach an outside box. If the call should come from out of town, the alarm would be 3-3-3. There should be one box added on Main Street and one at Guild, providing the town should at this time feel as though they could stand the expense.

GEORGE E. LEWIS,  
SAMUEL H. EDES,  
VINCENT J. BRENNAN,  
Board of Engineers

# AUDITORS' REPORT

---

We, the undersigned, Auditors of the Town of Newport, New Hampshire, hereby certify that we have examined the accounts of the Town Treasurer, Town Clerk, Water and Sewer Commissioners, Cemetery Commissioners, Trustees of Trust Funds, Tax Collector, Agent of the Town Hall and Municipal Court, for the fiscal year ending January 31, 1926, and find them correctly cast and properly vouched, and showing a balance of cash in the hands of the Town Treasurer of Thirteen Thousand Two Hundred Twenty-One 96-100 (\$13,221 96) Dollars, and in the hands of the Cemetery Commissioners, Eleven (11c) Cents.

We have also examined the account of the Selectmen for the fiscal year ending January 31, 1926, and find same correctly cast, and showing orders drawn on the Treasurer during the year amounting to Two Hundred Eighteen Thousand Three Hundred Forty-Six 20-100 (\$218,346 20) Dollars, which is the same amount the Treasurer's account shows paid during the year. The vouchers held by the Selectmen do not meet our approval in many cases.

R. T. MARTIN,  
HERVEY D. ANGELL,  
P. A. JOHNSON,

Auditors

Newport, N. H., Feb. 13, 1926.

# SCHOOL WARRANT

---

To the inhabitants of the School District in the Town of Newport, qualified to vote in District affairs:

You are hereby notified to meet in the Town Hall in said Newport on Saturday, the 6th day of March next, at two o'clock in the afternoon to act upon the following subjects:

Article 1. To elect a Moderator for the ensuing year.

Article 2. To elect a Clerk for the ensuing year.

Article 3. To elect a member of the School Board for the ensuing three years.

Article 4. To elect a member of the School Board for the ensuing year to fill a vacancy.

Article 5. To elect a Treasurer for the ensuing year.

Article 6. To provide for Agents, Auditors and Committees in relation to any subject embraced in the warrant.

Article 7. To determine and appoint the salary of the School Board, District Treasurer, District Clerk and Truant Officer and Census Officer and any other Officer of the District.

Article 8. To hear the reports of the School Board, Treasurer, Auditors, Officers and Committees, heretofore chosen or appointed, and pass any vote relating thereto.

Article 9. To see what action, if any, the District will take regarding funding of any part or all of its outstanding indebtedness, and pass any vote in relation thereto.

Article 10. To see what sum or sums of money the District will vote to raise and appropriate in addition to that required by law for the support of schools and

for the payment of other obligations for the ensuing year.

Article 11. To see what sums of money the District will vote to raise and appropriate for buildings as the needs of the District may require, provide suitable furniture and apparatus and needful conveniences therefor, and pay for insurance of the property of the District from loss by fire and for expenses of administration, including Superintendent's excess salary, and pass any vote relating thereto.

Article 12. To see what sum of money the District will vote to raise and appropriate toward paying the salary of the Public Health Nurse, providing the said nurse does the work of a school nurse.

Article 13. To see if the District will authorize the School Board to make a contract with the Town of Newport for furnishing heat for the Richards School Building and the Primary School Building situated on Sunapee Street upon such terms as may be agreed upon by the said School Board and the Selectmen or Committee that may be appointed by the Town.

Article 14. To see what action the District will vote to take relative to installing furnaces and boilers in the Primary School Building, so-called, on Sunapee Street, raise and appropriate money therefor and pass any vote in relation thereto.

Article 15. To transact any other business that may legally come before said meeting.

Given under our hands and seals at Newport, N. H., this the sixteenth day of February, A. D., 1926.

(L. S.) GEORGE E. LEWIS

(L. S.) V. J. BRENNAN, Jr.

School Board of Newport School District.

# FINANCIAL STATEMENT

---

## RECEIPTS

Fiscal year ending June 30, 1925

Income from Local Taxation:

Cash on hand July 1, 1924	\$ 5,457 98
For support of Elementary Schools	55,000 00
From other sources:	
Dog licenses (from Selectmen)	458 89
High School tuitions	1,059 56
From Senior Class	26 40
Proceeds from notes	45,000 00
Undistributed	42 48
Grange Hall rent	112 50

---

Grand Total	\$109,077 87
-------------	--------------

Due Treasurer from School District	160 74
------------------------------------	--------

---

Actually paid out by School Treasurer	\$109,238 55
---------------------------------------	--------------

## SUMMARY

Cash on hand July 1, 1924—balance of previous year	\$ 5,457 98
Appropriations and other receipts from Selectmen	56,920 00
Receipts from all other sources	46,699 83
Total cash for fiscal year—July 1, 1924—June 30, 1925	109,077 81
Due from School District to Treasurer	160 74

---

Total	\$109,238 55
-------	--------------

Total amount of School Board Orders	112,414 71
-------------------------------------	------------

---

Deficit for year 1924-1925	\$3,336 90*
----------------------------	-------------

\*\$6500 was voted the previous year for equipment of

the Towle School. Much of this was spent for equipment before the School Meeting of March 1925. At that time the blanket vote resinded this vote which accounts for the overdraft. It will be noted that the difference between \$6500 and \$3336 90 is \$3163.10 which is a substantial balance figured on the first amount voted.

The Detailed Expenditure of the above follows:

## DETAIL OF EXPENDITURES 1924-1925

July 1, 1924—June 30, 1925

### Salaries of District Officers

Carroll D. Johnson	\$ 60 00

# REPORT OF THE SUPERINTENDENT

---

To the School Board of Newport:

The past year has been one of unusual progress in the Newport schools. I feel that this statement is wholly justified since the educational factors entering into any complete school system have all been well established here during the past year. We have moved from inadequate quarters for our growing high school to a modern building, which was made possible through the generosity of a former Newport citizen—Mr. Loren D. Towle.

## THE TOWLE HIGH SCHOOL

Again, as in former years, Newport has profited by the philanthropic spirit of a successful benefactor. The auditorium of this school has legally been named, by vote of the citizens at the School Meeting of 1925, "The Chellis Auditorium." This is in recognition of the tireless efforts of Mr. Frank O. Chellis in promoting the best interests of the town and suggesting the needed high school building to Mr. Towle. This auditorium is equipped with modern furniture. Its appointments were made complete when Mr. Dorr gave the piano—a picture of which is to be seen in the cut of the auditorium in this report. During the fall an unannounced donor presented the school with a large victrola, matching the piano in finish, for use in connection with the course in Music Appreciation. This course is elective but its popularity is attested by one-half of the school being enrolled for it. The possibilities of the auditorium have not been fully developed as a social center. It is hoped it will be used more and more as its possibilities are discovered.

## THE LABORATORY

The school has a Laboratory which is as well equipped with furniture and apparatus as any high

school in New England. This equipment is being put to its best use and care through the very efficient work of Mr. Nelson who is the head of the department. Mr. Nelson's efforts in systematizing the work and materials of the department go to make up no small asset to the school. Through his own efforts since the new school has been occupied, Mr. Nelson has constructed and salvaged more than \$400 worth of its present equipment—this having been done on his own time.

The other departments of the school are well organized. This is well borne out by the fact that within the last ten years not one pupil who has been certified to college has failed in his work. This is not a condition occasioned by chance but by a well organized course of study well taught. Few schools in New England have hung up such a record as this during the past ten years.

### THE RICHARDS SCHOOL

Although the upper two grades in this building are called the "Junior High School," yet in the strictest sense of the word it is not a Junior High School. The modern plan for an ideal school system is known as the K-6-3-3 system. This means that such a system includes a kindergarten, some including children from 4 to 6 years of age and others from 5 to 6 years, according to the desires and demands of the community. Thousands of kindergartens are being supported by communities throughout the United States. There are 63 Kindergartens in New Hampshire. The value of such training is being recognized by administrators, School Boards, and tax payers as being a valuable part of the school curriculum. There is no doubt of its value in my mind. I shall not take the space here to enumerate some of its valuable qualities.

The "six" in the above organization refers to the first six grades. These are the grades in which the pupil gets his foundation of working tools for gathering knowledge. As an example, in arithmetic the fundamentals of addition, subtraction and multiplication are taught in the first three grades. Percentage, is taught in the fifth grade. Its application in interest, together with the various processes of measurement

are taught in the sixth grade. This enables pupils to begin with the application of these processes in the Junior High School group of grades.

## THE JUNIOR HIGH SCHOOL

The ideal organization of Junior High School grouping includes the seventh, eighth, and ninth grades. At the present time the ninth grade is in our high school and known as the freshman class. This is as it should be at the present time due to housing problems. These three grades, however, include pupils of adolescent ages. This period in the life of the pupil presents new problems not common to elementary or high school groups. In this school we should give a wide variety in the choice of subjects in which the pupil has an opportunity to try his hand at different lines of work. This will enable him to find out in which line of work he is most likely to succeed. The variety and presentation of work in this school has been broadened and more effectively presented within the past two years. This has been possible through a departmentalization of the work and the appointment of a full time principal.

The Towle High School will be adequate to care for the high school needs of the community for years to come. These possibilities may be extended, whenever the enrollment in the high school makes such a move necessary, by removing the freshman class to the Junior High School group at the Richards School. This will be a long time from now but presents a possibility. When this is done the K-6-3-3 organization will be complete.

## THE KINDERGARTEN

If there is to be a kindergarten next year, new quarters will have to be provided for it. The room in which it is located this year will have to be taken over for high school purposes next year. Classes are being held in the high school auditorium at the present time. We have about \$500 worth of kindergarten equipment. If a room is provided for the work it will merely be a matter of providing for the salary of the teacher from year to year. The downstairs room at

the old grange hall could be made into an ideal room at a minimum cost. This building being centrally located and adjoining the primary school playground presents a possibility for continuing the kindergarten. If the town does not wish to finance the teacher part of it, if the room was put in proper condition, citizens wishing to provide kindergarten training for their children could employ the teacher much the same as they are doing now with the extra kindergarten teacher. I would estimate that for an expenditure of \$600 this room could be made available for the school.

### THE OUTSIDE SCHOOLS

I am informed by those who have taught in the school here for some years, that for a long time the pupils coming to the higher grades and high school from the outside schools were very poorly fitted to do the regular work of the schools. This is not surprising. Pupils in rural schools where all the grades are represented usually have recitations of about seven minutes. Pupils in the village grades have recitation periods of at least 25 minutes. This is about the comparative measure of the value of the work covered in the mixed schools or seven-twenty-fifths of the longer period school. This fact is borne out by tests which have lately been given in arithmetic in the Junior High School.

Now this is not because the pupils in the outside schools are inferior to those in the village but due to the fact that no teacher can be a jack-at-all-trades and still overcome the handicap of short recitation periods. To remedy this situation I have, with permission of the School Board, limited the number of grades in these outside schools to the possibilities of time and ability of the teachers to get results. I think these outside schools are necessary in each of the communities where they are located but I think that six grades are the most that should be retained there. The girls will get the Domestic Arts work and the boys will get the benefit of the Manual Training work in addition to the Junior High School work if they come to the village after that.

### KELLEYVILLE

At the beginning of the year the number of

grades at this school were reduced to four and a very capable teacher was employed. Probably no teacher has ever been employed in that school who has had the training and ability of Miss Jeffrey in getting the pupils into regular channels of educational growth. At the beginning of the winter term Miss Jeffrey agreed to try to take on another grade at the school and the two pupils in this grade were allowed to return to the school with the understanding that they might be retained there if the extra grade still made possible proper progress. Next fall provision will be made to accommodate the six grades in the outside schools. In no rural school in this union have the pupils in the first four grades made greater progress than at the Kelleyville school this year. They are learning to read as they should.

### GUILD

I have made a start on putting the Guild School in proper condition. It is quite discouraging to attempt to put this school plant in first class condition. There is a spirit of lawlessness and wanton destruction, probably among the younger set at Guild. They seem to think it their special privilege to destroy anything around the school any time they desire. Much work in painting was done there during the last summer. Much of this work has already been marred with field rocks which have been carried into the school house for one reason or another.

The floor at this school is always cold in the winter months. There is running water at the building. The cellar should be cemented and a hot-air furnace should be installed. This would accomplish many purposes. In the first place it would effectively heat the whole school room, floor and all. It would prevent the water pipes in the basement from freezing and make it possible to install waterclosets. The toilets at this school are impossible, especially the one used by the boys. The present one will require rebuilding before it will be acceptable.

It is planned to do some inside and outside painting at North Newport and the Reed school this summer.

### TEACHERS

I cannot remember any school year when the

schools have started better and made more progress than in this school year, beginning in September. I have never seen a more industrious corps of teachers in any schools. They have been imbued with the spirit of helpfulness, each one eager to do his or her part in a most thoroughgoing manner. With my work scattered over several towns, this splendid spirit of co-operation has released me for places where my personal attention has been most needed. Looking forward to a year of unusual educational progress, I submit this, my annual report.

TRUE C. MORRILL,

Superintendent of Schools
